

E.MIX Mould Release Agent

Oil-based chemical release agent

E.MIX Mould Release Agent is specially formulated from refined mineral oils. This amber coloured material produces a blemish free concrete finish with minimum incidence of blowholes.

PRODUCT BENEFITS

SINGLE COMPONENT

ECO FRIENDLY

EASY TO USE

USES

E.MIX Mould Release Agent is used prior to casting concrete, giving a clean release. It is suitable for use on all types of standard formwork materials such as plywood, timber, steel, and other formworks.

PROCEDURE & APPLICATION

Substrate Preparation

All surfaces must be dry, clean, sound, and free from any laitance, oil, grease, and any contaminants.

Application

E.MIX Mould Release Agent is supplied ready to use. Application can be by sprayed or brushed on. Apply E.MIX Mould Release Agent before first pour and re-apply before subsequent pours. E.MIX Mould Release Agent must be completely absorbed before a second application can be made. An evident film must be observed. Do not apply excessively.

STORAGE & PACKING

E.MIX Mould Release Agent is available in 200 litres drums.
Shelf life of 12 months if unopened and kept in sheltered and dry conditions.

HEALTH & SAFETY

E.MIX Mould Release Agent may irritate eyes and skin. In case of contact with eyes, rinse immediately with plenty of water, and seek medical assistance. After contact with skin, wash immediately with plenty of soap and water. Keep out of reach of children.
